## OLD STYLE INN AGAIN RAIDED BY U. S. AGENTS

Pint Bottle Alleged to Contain Colored Alcohol is Confiscated Monday Night

SECOND RAID ON SALOON IN 3 DAYS; GET HOOCH TWICE

Bangor Blacksmith Gets Six Months for Bootlegging

THE Flying squad of federal prohibition enforcement agents swooped down on La Crosse Monday night, the second visit in three days. The squad of two headed for the Old Style Inn, on Front street, scene of the inspection last Saturday night.

As on the previous visit, a bottle of liquor was seized. It is said, on Saturday night a pint of whisky was confiscated. It is alleged, Monday night a pint bottle about a third filled with colored alcohol, so it alleged, was taken.

The two agents stood at the bar for some time, consuming three drinks each from the bottle, at 50 cents a throw. It is alleged. After making sure of what the bottle contained they confiscated it. The bottle was turned over to the sheriff and the agents departed from town.

Bangor Blacksmith Gets Six Months

SPARTA. — The moonshine case of Timothy Roof of Bangor, was disposed of in court when he was given a sentence of six months at hard labor in the county jail. Roof was formerly engaged in the blacksmith work at Bangor, up to a few months ago, when he, with his son-in-law, was arrested for bootlegging liquor into Sparta to sell, which they were making at Bangor. He was paroled to A. P. Anderson, and has continued work in the Jefferson Avenue shop.

Madison Man Fined \$500; Took Alcohol to Tomah

TOMAH, Wis. — Alfred Ronski, Madison, 34 years old, who drove into this city on Thursday in a new Studebaker roadster, paid a fine of \$500 and costs and departed for his home town, leaving his car in the hands of the officers of the law. Transporting liquor in violation of the Seyerston law was the charge preferred against Ronski and to which he pleaded guilty. Five gallons of alcohol were found in the car by Chief of Police Preston. One of the pockets of the car held a loaded revolver. The car will be sold by the sheriff at public auction.

**BAT MASTERSON DEAD**

NEW YORK. — W. B. (Bat) Masterson, former sheriff in the South-west, and in recent years a sporting editor of the Morning Telegraph, died of heart disease while at work at his desk Tuesday. He was 66 years old.

Deny Reports of Friction Between Strikers and Antis

MADISON, Wis. — Governor Blaine Tuesday directed Attorney General Morgan to institute an investigation into the Wisconsin Co-operative society. Wisconsin activities of the Co-operative Society of America and the various Rochdale companies that have operated in the state.

It is the plan of the attorney general to determine the state affairs of these companies in which Wisconsin citizens have invested hundreds of thousands of dollars. He will name a special investigation within a few days.

Governor Blaine went over the situation with the marketing department before authorizing the investigation.

**Postpone Trial**

Trial of the Wisconsin Co-operative society for alleged violation of the state co-operative law was continued until Nov. 28 by Judge E. Ray Stevens in circuit court here late Monday afternoon. This was in view of the announced intention of the society to apply to the railroad commission for authority to do business under another form of contract.

The proposed plan is expected to be similar to that involved in the Wisconsin American Rochdale company, having a large capital stock and selling either notes or preferred stock. While this proposal has been presented verbally to E. S. Canwright, head of the securities division of the railroad commission, he has not yet decided whether an application for doing business as proposed, would be granted. He has requested that the application be put in writing.

Under the former plan the Wisconsin American Rochdale company, a \$20,000 concern, planned to issue a large number of two year notes which did not require approval of the railroad commission. It is now intended to meet the provisions of the state law, the company representatives said, and plan an organization for which permission to sell notes or preferred stock will be granted.

**MRS. JOHN GEORGE DIES ON MONDAY OF ACUTE ASTHMA**

Well Known Old Resident of the City Expires at Home in North Eighth Street

Mrs. Ida George, wife of Mr. John George, 410 North Eighth street, died Monday at 4 P. M. after a short illness. The cause of death was acute asthma.

Mrs. George was born in Germany February 2, 1849 and came to America at the age of two years. She was the daughter of the late Mr. and Mrs. Ernest Platinius. She was married at La Crosse to Mr. John George Sr. February 14, 1861. They celebrated their golden wedding anniversary last February. She is survived by her husband, Mr. John George Sr., two daughters and two sons. They are Mrs. F. J. Malin, Miss Elizabeth George, Edward and Clarence George.

The funeral services will be held Thursday at 8:30 at the home and at 9 o'clock at the St. Joseph Catholic church. Rev. Peter Pape will officiate. Interment will be in the Catholic cemetery.

**TOMAH BOY, 10, IN HIGH SCHOOL FRESHMAN CLASS**

TOMAH, Wis. — The freshman class of Tomah high school claims the distinction of having among its members one De Vere Rowan born March 17, 1911, and therefore but ten and one-half years of age, the youngest high school student ever enrolled in Monroe county.

The youthful prodigy is so confident of his ability to do the work of the freshman year, that he has applied to Principal W. E. Bush for the privilege of taking an extra study, claiming that the regular course does not keep him busy.

The enrollment at the high school now totals 252, the highest in the history of the school.

**MAY POSTPONE OPENING OF DISARMAMENT PARLEY**

WASHINGTON. — Postponement of the opening of the meeting of the international conference of armament and far eastern affairs until the morning of Nov. 12 was intimated as probable Tuesday by high officials.

Conflict between the program as originally drafted for the conference and that for the ceremonies incident to armistice day burial of America's unknown soldier was given as the reason for the probable postponement.

## ATTEMPT IS BLOCKED BY EX-EMPRESS

**ROYAL COUPLE TAKEN PRISONER WITH COLLAPSE OF EFFORT TO REGAIN THRONE OF HUNGARY**

**ALLIES TO DETERMINE FUTURE RESIDENCE OF FORMER RULER**

No Country Wants Him and Allies Will Take Charge of Charles

LONDON. — By The Associated Press. — Former Emperor Charles' attempt to regain the Magyar throne may result in his imprisonment either on Ascension island or on one of the Canary Islands, according to diplomatic circles here Tuesday where it was stated that these possibilities might be considered by the allied supreme council. The general belief was expressed that he would be removed to a "safe place" outside of Europe.

By The Associated Press. — Former Emperor Charles, whose attempt to re-establish himself upon the Magyar throne met with dismal failure, attempted to commit suicide by shooting, following his arrest near Komorn. Former Empress Zita saw him preparing to shoot himself and prevented him from carrying out his intention.

The former emperor and empress are now prisoners in the Esterhazy castle at Tura-Torokas, and Thomas B. Hahner, British high commissioner in Hungary, is hurrying there with the representatives of other nations, to insure the safety of the prisoners.

**Troops Desert Charles**

Orders sent to the rebellious troops supporting Charles by Admiral Horthy the Hungarian regent, spelled the doom of Charles' attempt to regain at least a part of his former empire. The regent reminded the soldiers of their oath of allegiance to him and demanded their unconditional obedience, adding that the success of their undertaking would mean the ruin of the country. The firm stand of Admiral Horthy had its effect and the royal forces scattered.

Latest advices from the seat of the government troops contained their pursuit of the royalists and that the Karlstadt premier, M. Rakovsky and Count Andrássy, were captured by the royal troops.

Charles' plan to return to the Hungarian throne having failed, the Hungarian government will probably await action by the allied powers, regarding his future place of residence. It is known that Switzerland will not again give him refuge and it is possible that he will be removed to some place where he will be a virtual prisoner of the allied powers.

**Cut Off Retreat of Karlists**

The followers of the former emperor are reported to have left half their number in attempting to retreat to Tura-Torokas. The railroad line has been cut and they were forced to abandon their trains. When they attempted to march across the country peasants cut off their retreat toward the south.

Capture of Gustaf Graz, former minister of foreign affairs, who was involved in the attempt of the former emperor to regain the throne is reported.

The advisability of internment Charles in the Abbey of Thany until the allies finally decide his fate was being discussed by the government. The abbey is located near Lake Balaton, about sixty miles southwest of Budapest.

**No One Wants Him**

It is believed no country would willingly grant him asylum and it was considered probable that he would be delivered to British officers, who would escort him to some place where it was hoped the allies would designate.

Ex-Empress Zita is expected to be allowed to return to Switzerland to take care of their children, who were left behind.

Former Premier Friedrich and Gustav Gmelin, former foreign minister, have been arrested.

The majority of the population of Budapest has shown great apathy toward the prospect of Charles' return. The inhabitants generally are tired from the hardships and excitement of the last year and are anxious for peace. Budapest has been surprisingly tranquil throughout the incident.

**ARMY BOXES AT SCHOOLS**

In order to facilitate the contributions of children to the Salvation Army, it was announced on Tuesday that boxes will be placed in every public school. The boxes will be at the schools on Thursday, simultaneously with the collection of contributions every where else in the city.

**Leading Citizens Urge Support**

There is in La Crosse a county advisory board of well-known local people, who assist, direct and support the army's work in the community. They know what the army is doing, and how it is doing it. From a number of these people the Tribune and Leader-Press has received statements warmly endorsing the work, and urging support of it. There are some of the opinions of the Salvation Army, expressed by men whom every one in La Crosse knows.

Sheriff Ed C. Miller. "The Salvation Army is accomplishing a great work. They have never been found wanting when a problem of caring for destitute people has confronted them. Their real work is done by the organization is never known except when their real work is seen. I believe the public should extend every possible aid to the Salvation Army."

**Chief of Police John Webber**

"From the experience the police department has had with the Salvation Army, I wish to tell the public that the Salvation Army campaign deserves all the help the people can give. The Salvation Army represents a very worthy cause."

**Dr. G. R. Reay** "The Salvation Army covers a field, generally neglected by other agencies. They do their work efficiently with extreme low overhead cost. Salvation army workers bring to their work a training and equipment enjoyed by no other organization outside of the church. It is because of these things that the Salvation Army usually gets much better results than most relief organizations in helping people to get and keep on their feet. It is not so much the immediate relief work as their methods of follow up which makes the Salvation Army unique. Mention might also be made of the careful auditing system of the Salvation Army by which their use of funds entrusted to them can always be definitely checked up by the public."

**Dr. Edward Evans** "Of course, the entire world knows of the wonderful record made by the Salvation Army in this country and abroad during the last year. That fine record alone ought to entitle them to much consideration by the general public for many years to come. The Salvation Army workers labor without hope of material reward; if they can be of real service to mankind they consider themselves rewarded. In merely knowing that they have been able to perform some public service, their campaign merits the support of every body."

## MELLON ISSUES RULES FOR MANUFACTURE AND SALE OF WINE AND BEER AS MEDICINE

Malt Liquors and Wine in Unlimited Quantities May be Secured on Doctor's Prescription; Ruling May Mean Defeat of Anti-Beer Bill

WASHINGTON, D. C. — Beer as a medicine, enjoys a full legal status, through the unexpected action of the treasury department in promulgating regulation permitting its use for that purpose. Issued in accordance with an opinion submitted by former Attorney General Palmer last March 8, holding the medicinal use of beer to be legal under the prohibition laws, and after being withheld since then in anticipation of early action of congress on the pending anti-beer measure, announcement of the beer regulation came as a surprise to prohibition leaders.

Deciding not to wait longer the passage of the pending anti-beer bill by congress, Mr. Mellon issued regulations for the manufacture of beer by authorized breweries and its sale by druggists on an authorized physician's prescription.

Not more than two and one-half gallons of beer may be prescribed at one time for use by the same person.

There is no limit on the number of prescriptions that may be issued by a physician. The limit for one wine prescription is two quarts, but there is no limit to the number of prescriptions. The revised regulations also limit the prescription of whisky and brandy to one pint for the same person within ten days, and of alcohol for external use to one pint at a time.

**Permits To Make Beer Given To 61 State Breweries**

MADISON, Wis. — Permits for manufacturing non-intoxicating beverages, which under state law will be required for the manufacture of beer for medicinal purposes, have been granted sixty-one Wisconsin breweries. W. Stanley Smith, prohibition commissioner, says.

Wisconsin officials will be powerless to stop the sale of beer for medicinal purposes if Secretary Mellon's ruling is lawful, was the belief of Mr. Smith. "I cannot make any definite statement until after I have seen the exact copy of the Mellon ruling," said Mr. Smith, "but according to our state law I would not have the right to issue a ruling for the state that would in effect repeal Mr. Mellon's ruling."

The action of the Seyerston law to which Mr. Smith referred reads: "In the event of any conflict between the provisions of this chapter and the national prohibition act, or the lawful regulations thereunder, the national act and regulations shall prevail."

**HOUSE RESOLUTION ASKS EXPULSION OF BLANTON OF TEXAS**

Protest Publication in Record of Remarks Characterized as "Obscene"

**DEFER ACTION ON RESOLUTION IN THE ABSENCE OF ACCUSED**

Democrats Urge that Texan be Only Censured

WASHINGTON, D. C. — Expulsion from the house of representatives of Thomas H. Blanton, democrat, Texas, was called for in a resolution introduced Tuesday by Representative Mondell, the republican leader.

The ground for the move to expel was the publication in the Congressional Record as part of an extension of remarks by Blanton of an affidavit relating to a row at the government printing office which affidavit was characterized by some house members as obscene and unfit for transmission through the mails.

In Blanton's absence consideration of the resolution was deferred until Thursday.

Another resolution for Blanton's expulsion was prepared by Representative McLaughlin, republican, Nebraska, and was about to be brought in the house when Mr. McLaughlin was informed that one would be presented by Mr. Mondell.

The Nebraska resolution charged that publication of the offending affidavit in the record "made it available," and also made members of congress "liable to criminal prosecution" if they knowingly had caused it to be mailed.

An announcement was made that the Texas delegation would meet tomorrow to act on the Blanton case. There was a suggestion from some democrats that the resolution for expulsion be amended to censure only.

## SCHOOL CHILDREN TO AID IN DRIVE TO HELP JOBLESS

Badger Schools Asked to Give  
Special Attention to Study  
of Unemployment

MADISON, Wis.—The school children of the State of Wisconsin will be asked to aid in the campaign to reduce unemployment, according to a statement given out today by Superintendent of Schools John C. Callahan, who compares the unemployment problem to the food conservation problem of 1918 in which the schools rendered invaluable aid.

Superintendent Callahan today directed a letter to school officers throughout the state explaining that Mr. Herbert C. Hoover, who is chairman of the President's Unemployment Conference, has called upon the National Education Association to rally the school forces of the Nation back of the movement to find additional jobs for the three and a half million unemployed.

A letter from the officers of the National Education Association to State Superintendent Callahan requests that school authorities make plans to give unemployment a special attention by the children in an effort to direct the attention of people generally to the unemployment situation.

In addition to giving study to local conditions the schools are asked to give publicity to the proposed remedies for the present emergency and to include in course of study provisions for consideration of unemployment as a permanent problem. Emergency measures will include a general "spruce up" campaign in which all people of the Nation will be asked to find the odd jobs which can be done now as well as later, in order to enable millions of men who would otherwise be forced into involuntary idleness, to earn money with which to buy food and fuel for the winter months.

## ORGANIZATION OF STATE UNEMPLOYMENT BOARD IS URGED BY SENATOR TITUS

MADISON, Wis.—A state commission of employment to organize each county for employment as a matter of local pride to reduce the number of those out of work to a minimum this winter, is suggested by Senator W. A. Titus, of Fond du Lac in a letter to Governor Blaine. He asks that the governor consider creation of such a commission.

Governor Blaine has replied his office has let it be known, that he is "very much interested in the suggestion," and is "going to consider it very seriously." He says that he intends to see the industrial commission and ascertain just how quickly the winter might be worked out.

"The one difficulty with respect to all these matters is the machinery necessary for such a comprehensive organization," the governor says in reply to the senator's letter. "It is difficult to reach out and install such machinery. The suggestion would be most helpful, if it could be worked out, in fact ideal."

# SCHOOL OPENING DELIGHTFUL EVENT MONDAY EVENING

Hundreds of Persons Enjoy In-  
spection of Hogan School  
and Evening Program

Many hundreds of people were guests at the Hogan School open house on Monday evening. A golden glow of light shining through the small-paned windows welcomed all comers and marked the beautiful new building for what it is, a natural community center in its own neighborhood. Contented students greeted guests at every turning, directing them on their way and suggesting further points of interest still to be explored.

These seventh grade boys and girls who acted as guides were both enthusiastic about their new building and amazingly understanding of its many beauties and conveniences. They called attention to natural training facilities, to the attractive and well-appointed domestic science room with its ice chest fed from the corridor in such a way that the classes will be undisturbed by the ice man's visits. To the kindergarten room with its wide bay window on the south they led visitors, out into corridors where one was called upon to observe dust sheets where sweepings are sent directly into the furnace, into class rooms with their built-in cloak closets and finally into the office where hangs the clock which operates the gong and the signal bells.

Tens of dozens of roses sent with the good wishes of the La Crosse Floral Company filled bowls and vases in every room and corridor, for the gift of the mothers of Hogan school children had been placed during the day in every room in the building while in the office stood a great basket of chrysanthemums, the gift of Klumback greenhouses.

A brief program was given in the spacious gymnasium which serves also as an assembly hall. A group of musicians from the High School orchestra played delightfully while the crowd was gathering. Mr. Landrum, president of the School Board expressed the satisfaction he felt in finding the children of this part of the city housed in so beautiful a modern building. He then introduced the other speakers, Mr. Stormont, president of the Parents and Teachers Association who expressed the gratification and appreciation of the parents, Mayor Bentley who indicated his personal satisfaction in having a part in the present construction school program which is making La Crosse famous throughout the state.

Miss Stella Trano sang an appealing little Scotch song, "Lassie o' Mine." Miss Solveig Mangelson played a "cello obligato." As an encore Miss Trano sang "Annie Laurie." Miss Margaret Bennett played her accompaniments.

Following this Mr. Sheperdson made some short remarks, saying that though the school could not show profits in gold eagles it would show big profits in good citizens. Miss Susan Campbell, vice-principal, who was busy playing the part of gracious hostess spoke a few words of greeting to the visitors of the evening and Superintendent McCormick concluded the program with an appreciation expressed in behalf of both parents and teachers of the work of mayor, board, union council and taxpayers and an assurance that the community would profit through its boys and girls.

Following the program cakes and coffee were served from the domestic science kitchen, a delicious conclusion to a successful house-warming.

## HENRIETTA KRUEGER BECOMES BRIDE OF MR. HAROLD HALL

ANNOUNCEMENT is made of the marriage of Miss Henrietta Krueger of this city, and Mr. Harold Hall, which took place on Monday afternoon at three o'clock at the home of Mrs. Arthur Thorsen, 114 North Lincoln street, Aberdeen, S. D. Rev. J. R. Hughes officiated, only relatives and near friends being in attendance. The attendants were Miss Lucille Polsson of this city, Mr. Lester Hall of Tacoma Park and Miss Alice Thorsen as a dainty flower girl. The wedding march was played by Mrs. Thorsen. The house was handsomely decorated for the occasion, chrysanthemums and carnations being used, the color scheme being carried out in pink and white. The ceremony was performed under an archway of wedding bells. The bride wore white champagne satin with pearl trimmings and a veil of tulle caught with ropes of pearls. Her corsage was of Kilmoryn roses. The bridesmaid wore orchid corsage and carried opelia roses. The little flower maid wore a dainty frock of yellow organza and carried a basket of pink carnations.

Following the ceremony a wedding dinner was served at the home of Mrs. Thorsen to the bridal party and guests, and later at the home of the bridegroom's parents, Mr. and Mrs. R. J. Hall of Ordway, a reception was held in honor of the bride and bridegroom. The bride is a graduate of the Wisconsin high school and normal, and since her graduation has been teaching with success in the schools of Minnesota and South Dakota. The bridegroom is a graduate of the Aberdeen high school and soon after his graduation enlisted in the United States navy with which he served during the world war, receiving his discharge August 12, 1918, as a first class radio operator.

At the home of Mrs. Robert H. Gray, 912 Cass street, Monday night Mrs. William Collinge was guest of honor at a gathering of about a dozen friends. It was in the nature of a farewell for the hour guest as Mr. and Mrs. Collinge will leave Friday for Chicago, where they will reside. Their departure is deeply regretted by their many friends in this city. Mr. Collinge will be associated with one of the Kroger stores at Chicago.

THE ANNOUNCEMENT is made of the birth of a daughter on Saturday, October 22nd, to Mr. and Mrs. Clayton E. Hoopes of Chicago. Mrs. Hoopes was before her marriage Miss Margorie Nelson, daughter of Mr. and Mrs. A. R. Nelson, 115 South Tenth street.

THE ANNOUNCEMENT comes from Duluth, Minn., of the marriage of Mr. O. P. Blanchard and Mrs. Florence Tilton, both of this city, which took place at Duluth on Saturday, October 22nd, at the home of Mrs. Tilton's daughter, Mrs. Charles Volmer. Mr. Blanchard is 77 and his bride 70 years of age.

MISS SOLVING MAGELSEN, 505 South Sixth street, entertained in honor of her eighteenth birthday. A dainty luncheon was served and a huge cake centered the table. The rooms were decorated with pink roses, autumn leaves and jack-o'-lanterns. These present were the Misses Har-

riet Neppard, Mae Belle Borch, Helen Mullen, Grace and Vivian Clark, Marian Martin, Marion Holte, Hilmer and Ruth Nustad, Mary Coughlin, Edith Jorrie, Elsie Platz, Burma Mund Batchelder, Helen Dugan, Catherine Farrand, Sarah Magelssen and Gladys Lewis.

## Let Your Furnace Have A Chance

FUEL economy is not obtained entirely through the wise purchase of the proper coal for your heating plant. The condition of your furnace or boiler has much to do with the satisfaction you obtain from the coal you burn.

Prepare for cold weather by cleaning the flues and chimney. See that your heating pipes are wrapped with asbestos. Give your furnace a chance.

We would be glad to inspect your heating plant and suggest the proper grade of coal to burn.

## Read this Health Message at once! Know what Nature's Food can do for you!

Every man, woman and child addicted to pills and cathartics for constipation should know that Kellogg's Bran, cooked and krumbled, will give permanent relief naturally if they will eat it regularly. Pills and cathartics can never do more than give temporary relief, and at the same time they aggravate the delicate intestinal pathway and pave the way for graver disorders.

Kellogg's Bran, cooked and krumbled, is simply nature's food, and made delicious and appetizing by the Kellogg process. Eat it as a very appetizing cereal or sprinkle it on your favorite cereal or on other food. Your physician will endorse the consistent use of bran for constipation. We guarantee that Kellogg's Bran will give permanent relief to every sufferer from constipation if at least two tablespoonsful are eaten each day. For chronic cases, eat as much as is necessary.

Kellogg's Bran sweeps and cleanses without discomfort. Its natural mechanical action is wonderful. Nine-tenths of all human ailments would be eliminated and there would be a new and better race of people if bran was universally eaten daily.

Kellogg's Bran can be used in many delightful foods such as bran bread, pancakes (the best you ever ate), macaroons, etc. See recipes on each package.

J. S. Kellogg's Bran will clear up a simply complexion and free the breath from obnoxious intestinal odors.

# FISHERMEN COME NEAR DROWNING IN ROUGH RIVER SEA

State Harbor Inspector Fred Beth and Will Kemp Have Narrow Escape

## FLOAT FOR HALF HOUR AFTER THEIR BOAT IS SWAMPED

Finally Saved by Mr. Williams, Brownsville Fisherman

Swamping of a small boat in a rough sea caused by a stiff south wind came near costing the lives of two fishermen, Fred G. Beth of La Crosse, state harbor inspector, and William Kemp of Chicago, near Brownsville. Mr. Williams, a commercial fisherman of Brownsville, saved the two men from drowning after they had battled for nearly a half hour with the waves.

On a pike fishing trip down river, Mr. Beth and his brother-in-law, in the former's boat equipped with an Evinrude engine, were anchored on a pike reef just above Brownsville. When a stiff south wind came up, finally a two big waves rolled over the boat, completely filling the craft with water and forcing Beth and Kemp to jump into the river. With heavy outboard motors and oars on the men found it difficult to keep afloat, but both managed to get hold of the boat near the bow. They hung on for several minutes hoping that some one would come to their rescue, while each big wave passing over the boat deposited more water in the craft. The anchor rope holding the bow down and the Evinrude engine weighting down the stern added to the dangers of the situation.

Finally Kemp managed to get out of his pocket his knife and opening the weapon, reached under water and cut the anchor rope. This cast the boat adrift and the craft with the two men hanging on, started down stream. Near Brownsville Mr. Williams, a commercial fisherman, observed their plight and started out from shore in his big flat boat equipped with an engine.

When he reached Kemp and Beth the two men were nearly exhausted and both had to be lifted into the Williams boat. Mr. Williams speeded his boat to shore and built a big bonfire. Beth and Kemp had partially recovered from the effects of their exposure and cold wetting they were taken to the Williams home in Brownsville. Later they were brought to La Crosse in a car.

## Obituary

**SIMON CHRISTENSEN** Simon Christensen passed away on October 23, after several months of illness, during part of which time he was confined to the Lutheran hospital at La Crosse. Mr. Christensen emigrated to this country about 1885 or 1875, and has since resided in the city of La Crosse. He was a native of Denmark, and was married to Mrs. Ole Christensen, who died in 1904. A few years later Mr. Christensen and Mrs. Christensen were married, she having three children by her first marriage. Mr. Christensen is now living at St. Augustine, Florida. Mr. and Mrs. Christensen only thirty years ago and had a home at West Salem, where Mrs. Christensen died eight years ago.

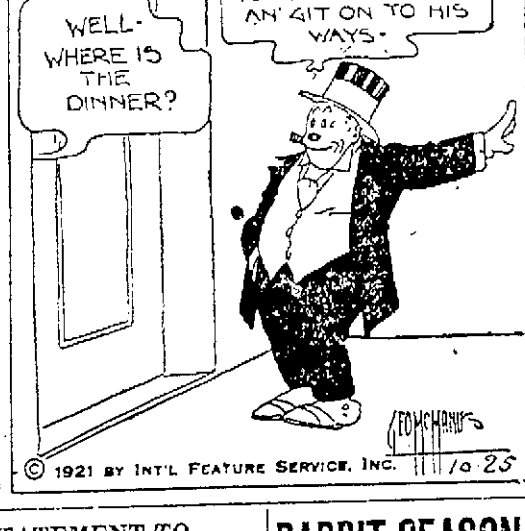

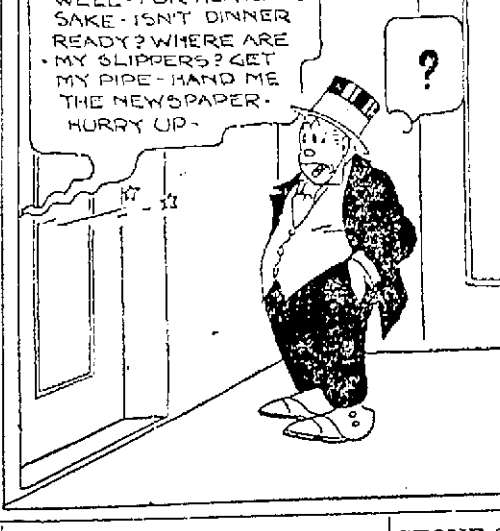

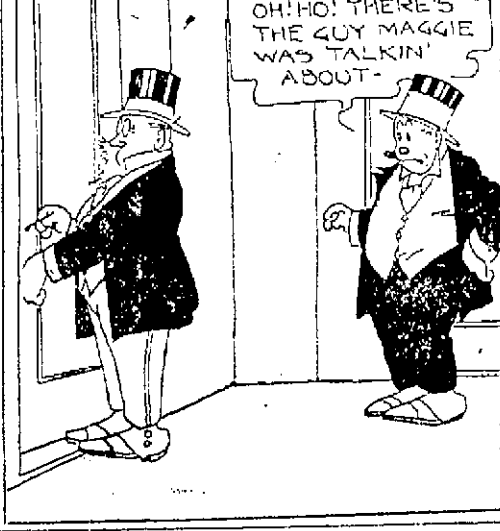

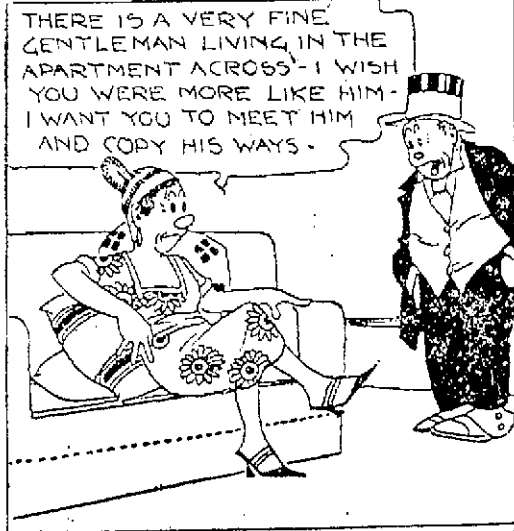

Mr. Christensen was a quiet, unassuming man and counted his friends by the score. In his later years he was handicapped through an accident sustained after they moved to West Salem, but up to this past summer, he took great delight in his garden, and was fond of fishing. Reading was his principal occupation, however, and he read the Bible through from cover to cover seventeen times. He lived 22 years on his farm, two years and one month in Sweden. On Mrs. Christensen's side there are scores of relatives in this country and elsewhere in other states.

**MRS. ROBERTA HAPER** Mrs. Roberta Haper, aged 91 years, died at her home at 22 N. 1st st. at her home, 920 South Eighth street. The cause of death was old age. She had been a resident of La Crosse county for over 60 years. Her husband, the late Mr. Robert Haper, preceded her in death 30 years ago. She is survived by her two daughters, Miss Margaret Haper and Mrs. Mary Haper. The funeral will be held Wednesday, October 26th, from the home at 9:30 a. m. and from St. Mary's church at a noon service. Rev. Dr. Robert E. Carlson will officiate.

**MRS. W. H. DUNNING** Mrs. W. H. Dunning of Oshkosh, Wis., died at her home at Oshkosh, Wis., following an illness of several months. She was the mother of Mrs. Harold H. La Crosse.

**MRS. EDWARD STEWART** Mrs. Edward Stewart passed away at her home at West Salem, La Crosse county, after an illness of about six months. She was the daughter of Mrs. Grace Grams, daughter of Mrs. A. Grams, Sr., of this city.

## PACKED HOUSE AT MAJESTIC STRONG FOR GIRL REVUE

Unique Musical and Comedy Entertainment Goes Over Big First Night

A packed house at the Majestic Monday night enthusiastically applauded the opening performance of Boyle Woodcock's All Girl Revue, and the indications were from their enthusiasm that the revue will prove a drawing card for all the rest of the week.

Music is the big point of the revue, and with charming toad-anding and character comedy. There are several soloists, a female quartet that is surprisingly dulcinated and harmonious, and a most versatile young woman, billed only as "Boss," who delights with a pretty high soprano voice, a dexterous hand for the fiddle and a lot of expert whistling.

The act is beautifully staged and dressed. The setting is a great gold-colored curtain, hand-embroidered, and against it the fresh and dainty costumes of the eight girls are beautiful.

The full program of the revue lasts about an hour, without encores. The girls refused all encores Monday. An entirely new bill will be presented beginning Thursday, which with the opening of a new picture will give the Majestic a full new program for the last half of the week.

## MELLON ISSUES RULES FOR MANUFACTURE AND SALE OF WINE AND BEER

(Continued from page one)  
No prescription shall be filled calling for a greater quantity of liquor than that authorized by these regulations. Physicians may not prescribe liquor for their own use.

Every pharmacist filling a prescription for intoxicating liquor must indorse thereon over his signature the word "prescribed," together with the date the liquor was delivered. A retail druggist must preserve in a separate carefully guarded file each prescription so filled.

Also Up to M. D.'s Conscience  
"A physician who has filed application form 1404, and obtained a permit to prescribe intoxicating liquor as provided in article 3, may prescribe distilled spirits, wines, malt liquors, or such alcoholic medicinal preparations which are fit for use for beverage purposes as are authorized to be manufactured by section 60, for a person upon whom he is in attendance if after careful physical examination of such person, or in a case in which such examination is impracticable upon the best information obtainable the physician believes that the internal or external use of such liquor as a medicine is such person is necessary and will afford relief to him for some known ailment. A physician who does not hold a permit to prescribe may not issue prescriptions for intoxicating liquors.

"No prescription may be issued for a greater quantity of intoxicating liquor than is necessary for use as a medicine. Not more than a pint of spirituous (distilled) liquor to be taken internally shall be prescribed for use by the same person within any period of ten days by one or more physicians.

Only One Pint of This  
"When spirituous (distilled) liquor is administered to any person by any physician or physicians as provided in section 71, the aggregate quantity so administered and the quantity prescribed for such person may not exceed one pint within any period of ten days.

Not more than a pint of alcohol

## SENATE TO RETAIN PRESENT TAX RATE ON SMALL INCOMES

Rates Now in Force Continued Over Protest of Democratic Senators

WASHINGTON.—Normal tax rates of four percent on the first \$4,000 of income and eight percent on all over that amount were approved Tuesday by the senate without a record vote. These are the rates now in force.

The committee amendment proposing these rates, which the democrats thrice sought to amend without success was approved within a minute after the senate met. There was no discussion and amendments which Senator Trammell, democrat, Florida, promised Monday would be offered, failed to materialize.

## COMMITTEE MEETING CALLED FOR FRIDAY

A meeting of the judiciary committee for the purpose of discussing all matters in the hands of the committee will be held Friday evening before the council session at 7:30, according to announcement of the city clerk.

## SEEK MISSING HUNTER

ALPHEA, Mich.—Several persons, numbering more than 200 men, were searching the woods Tuesday morning in the vicinity of Pine Lake for Frank Kazilik, 26 years old, who has been missing since last Thursday when he left on a hunting trip, saying he would return in four hours. An automobile and coat belonging to Kazilik were found last Thursday by a posse headed by Sheriff Waite.

St. Swithin Myth Disproved  
A record was kept from 1840 for twenty years for the purpose of testing the truth of the popular belief that it rains fall on St. Swithin's day. The result of this test shows that the greatest number of rainy days had occurred in these two decades in years when St. Swithin's day was dry.

Mr. and Mrs. Frank Goodenough have returned to their home in Billings, Mont., after visiting with relatives and friends in this city for a week.

## LUCIUS A. TARRELL PICKED BY BLAINE TO SUCCEED KONOP

Darlington Man Best Posted Man in State on Workman's Compensation

MADISON, Wis.—Lucius A. Tarrell of Darlington, for eight years chief examiner for the industrial commission, was appointed by Governor Blaine Tuesday to succeed Thomas P. Konop, who resigned as a member of the commission. He will serve until June 30, 1925, in the \$5,000 a year position.

Mr. Tarrell took charge as chief examiner at the time workmen's compensation went into effect in Wisconsin. He continued in this position from 1911 to January, 1919, when he left to become attorney for the Lumberman's Mutual Insurance company. The appointment is said to be taken with particular favor by the members of the industrial commission and the working force. It is said that no man in the state understands workmen's compensation as well as the new appointee.

## OFFER \$5,000 REWARD FOR CAPTURE OF MAIL BANDITS

WASHINGTON, D. C.—Reward of \$5,000 to any person bringing in dead or alive any one of three automobile bandits who late Monday night held up a United States mail truck in New York was offered by Postmaster General Davis.

Reports to the postoffice department were said to indicate that so far as was known the loot of the bandits did not exceed \$50,000.

Mr. Barton's general message followed.  
U. S. Lays Strike Plans  
WASHINGTON.—Final details of the government's strike program designed to assure "transportation for people who travel and transportation of food and fuel," were to be worked out Tuesday at a conference between Attorney General Daugherty and five federal district attorneys from as many great railroad centers. It was expected instructions would be sent to other district attorneys which would serve to guide them if the threatened strike materialized.

## No Friction is Claim

CLEVELAND, O.—Prior to their return to Chicago tonight where, on Wednesday, they will appear before the United States labor board in answer to citation, the "Big Five" railroad brotherhood chiefs were to continue their conference Tuesday on matters pertaining to the strike situation. Answers to all messages from general chairmen are agreed upon by the five leaders before they are dispatched, thus maintaining unity of action. A large number of such measures are considered at each conference. "The Big Five" leaders discount intimations that there is discord between the organizations that have authorized their members to withdraw from the service and those withholding such authorization. Both Presidents Stone of the engineers and Sheppard of the conductors have openly stated they do not consider there is an "open break." Mr. Stone fully asserted there is none.

## RABBIT SEASON IS OPEN IN LA CROSSE COUNTY WEDNESDAY

County Clerk Informed there's Open Season to Hunt Rabbits in Minnesota

Rabbit season opens in La Crosse county on Tuesday and continues until January 15. The season for rabbits has been open in adjacent counties for several days but the season has been closed in this county until October 26.

In answer to a letter of inquiry from County Clerk Staats, the fish and game commission of Minnesota writes that there is no closed season on rabbits in Minnesota, except a partial closed season on the snowshoe rabbit.

## GOVERNMENT CHARGES CEMENT FIRMS WITH RESTRAINT OF TRADE

Starts Suit to Stop Credit and Statistical Bureau of Cement Men

WISCONSIN TO START ACTION TO RECOVER TREBLE DAMAGES

State Has Lost Millions Through Combine Says Morgan

CHICAGO, Ill.—A suit in equity to enjoin the Midwest Cement Credit & Statistical Bureau from keeping "up an unlawful combination and conspiracy in restraint of interstate trade and commerce in cement" was filed in federal court Monday by the government. Twenty-four firms are named as defendants.

"Ninety per cent of the cement used in the middle west is manufactured by the defendants," Assistant United States District Attorney Milroy said, while their output is one-third of all the cement manufactured in the United States. The defendants operate thirty mills in Pennsylvania, Ohio, Michigan, Indiana, Illinois, Iowa, Missouri and Kentucky. Those named include:

Newaygo Portland Cement company, Grand Rapids; Alpha Portland Cement company, Chicago; the Atlas Portland Cement company, Chicago; Lehigh Portland Cement company, Chicago; Michigan Portland Cement company, Chelsea, Mich.; Peerless Portland Cement company, Union City, Mich.; Peninsula Portland Cement company, Cement City, Mich.; Wabasha Portland Cement company, Detroit; Wolverine Portland Cement company, Colwater, Mich.

The bill states that the 24 defendants ship approximately 30,000,000 barrels of cement annually. Among officers of the bureau which has its office here, is J. H. John, Newaygo, Mich.

### Wisconsin to Prosecute

MADISON, Wis.—The prosecution started Monday by the federal government against an alleged illegal combination of cement shippers will be followed by an action on the part of Wisconsin to recover treble damages under the Sherman anti-trust act. Attorney General William J. Morgan said when he returned here Tuesday.

The plan of action on the part of the state will be presented to Governor Mahone for his approval. It will mean a suit to determine whether the state is a person under meaning of the federal anti-trust act, and can recover treble damages for alleged losses suffered as a result of the combination that is said to exist.

### State Lost Millions

Attorney General Morgan declares that millions of dollars have been lost to Wisconsin through operation of the alleged cement combination. The high cost of cement, according to A. R. West, highway engineer, has been largely responsible for curtailment of concrete road construction.

The state highway department has been co-operating with the attorney general's office in furnishing information relative to activities of the cement men.

"We are especially anxious to have the government take action in the cement case as the basis of action we desire to take to protect the interests of Wisconsin," Mr. Morgan said. "The war is now clear for us to act and we will submit our plans which have the approval of the highway department."

### TIMELY BEAUTY HINTS

Society women wash their own hair, not because it is a fad but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made emulsion mixture. You can use this at a cost of about 3 cents a shampoo by cutting some emulsion from your closet and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so shiny that it will look much heavier than it is. Its luster and softness will also delight you.

approval of the federal government to the governor before acting." G. E. Clifford, special assistant attorney general will prosecute the case for Wisconsin.

ANNOUNCE CUT IN FREIGHT RATES ON HAY IN WISCONSIN. MADISON, Wis.—A reduction of freight rates on alfalfa and other hay for the consumption by cattle as a result of the activity of the state railroad commission was announced Tuesday. The commission appealed to the interstate commerce commission that the rates were twice what they should be and the interstate commission notified the state commission Tuesday morning that the reductions had been approved to become effective before November 12.

### YOU'LL GET RID OF BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. The blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the pores without any mark whatever. Blackheads are simply a mixture of dirt and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

## PASTOR ATTACKS PUBLICATIONS IN SUNDAY SERMON

Rev. Mr. Dixon Maintains there is too Much News of Certain Type

The sermon at the First Methodist church Sunday morning dealt with the subject, "The Religious Press," using as a text words from the prophecy of Isaiah, "How beautiful upon the mountains are the feet of him that publisheth peace, that saith unto Zion, 'Thy God reigneth!'" Rev. E. C. Dixon spoke in part as follows: "We are a reading people. About 40,000,000 tons of paper a year are made in the United States. Figures are being made and forests are being exhausted in the making of this enormous product. One hundred acres of Canadian spruce are required to furnish the paper necessary for the Sunday issue of some of the New York dailies.

"We may well inquire to what end is all this paper used. Theoretically we believe in the freedom of the press but practically we often wish there might be some limitations.

"The millions of pages of printed matter issued daily in our country carry much that is good and we could not live without the press. At the same time they carry much of evil that must somehow be overcome. War and peace are the great problems of our day and all feel that the press has the matter largely in hand.

"Would Germany ever have maintained 70,000 men at Essen manufacturing instruments of war were it not that books and papers in a perfect flood kept alarming the German people with the idea that such preparations were absolutely necessary to protect the Fatherland from the ring of enemies that surrounded it?

"Would we be in any great danger of war with Japan were it not that for the past twenty years a certain press has kept the positive certainty of a Japanese war before the American people?

"Is the press to day giving us the most help possible in the enforcement of the prohibitory law? There is every reason to believe that there is a vast propaganda in favor of the return of the liquor traffic and that news of this subject is very uncertain.

"Does any sane person believe that one individual down in Virginia had a private stock of \$1,500,000 worth of liquor at his country home, \$500,000 worth of which was stolen a few days ago?"

Rev. Mr. Dixon closed his sermon with words of commendation for church publications which set forth worthy causes from the religious standpoint.

## Public Debate

TOO MUCH PLEASURE

La Crosse, October 23, 1921.  
Dear Sir: I read your editorial about the winter carnival, but when I look at the terrible conditions that the world is in I think there is no time for carnivals, fun-making and pleasure seeking. We live in a time of extremes. The world is a den of thieves. Crime is common and criminals general. Europe is poverty stricken. Inquiry is paralyzed. So morally is a lost art. Modesty has ceased to be a virtue and women array themselves in clothes cut and fashioned for the only purpose of displaying the charms that excite the passions. What do these things mean? Let us turn to the bible. 2 Tim. 3:1-5 says this: "Know also that in the last days perilous times shall come. Men shall be lovers of themselves, disobedient to parents, lovers of pleasures more than lovers of God." Christ said in the last days:

# INDIA WON'T ADOPT AMERICAN CULTURE SAYS HINDU STUDENT

Will Hesitate Before Changing a Civilization Already Thousands of Years Old

## INDIAN AGRICULTURAL OFFICIAL ATTENDING BADGER UNIVERSITY

Declares if America Should Fall Women May be the Cause

MADISON, Wis. — "If America should ever fall as Rome did, it might be through her women," said Pandurang Chinnabhai Patel of Bombay, India, and his dark, far-seeing eyes were serious as he continued. "Some of the deepest thinkers of both India and America doubt the wisdom of the American woman in lowering her standards of civilization. In India, women are not restricted; they are given advanced education in women's universities and they have always had as much franchise as the men, but there is a convention. When men are first required to know how to be home makers and mothers, men in India do not trifles with women, nor do men neglect their wives and families. In America, men give the outward form of respect to women, but the Hindu feels the reverence in his heart.

"But Americans are the most self satisfied people I have ever met in my world travels. I have been asked, 'Will India adopt American culture?' and I answer 'No,' for it is not suited to India. It never occurs to these people that American culture lacks anything. Missionaries from England and America have gone to India, but India's religion and culture remain unchanged. The converts of these missionaries are from the lower classes and during times of famine. Material learning there has been improved by English teachers, but in abstract thought, India herself is foremost.

"With every good thing, something bad may come, and we must think deeply and cautiously before we add to a civilization which is four or five thousand years old, things which are unproven in a new civilization like the American. China, on the other hand, is accepting more unreservedly the American standards. We had, for instance, not learned to drink intoxicating liquors until the English came into our country, but it is natural to copy the rules, and we followed the English custom of drinking, just as some of our women copied the English dress. Now you Americans, we think of England and America all as one—in your progress, have yourselves seen that drinking is not good."

"The standards of living in India and America differ so greatly, according to Mr. Patel, that the two civilizations can hardly be compared. There is the caste system which in itself, though not so inviolable as in the past, is a barrier to the adoption of western ideas. It would be possible in India for a man to rise

from caste to caste as he acquired wealth. "English clothes," and Mr. Patel touched his American collar, glanced around the American living room in which he sat, and down at his American made boots. "Are you uncomfortable and costly. They are not suitable for our climate or living conditions. This is also true of the English meat diet. Details of the native classes in India which live entirely on cereals are the finest physical specimens imaginable. The religion of India prevents the killing of animals, even harmful ones, and meat eating is unusual there. I am not so religious myself," said Mr. Patel, "I belong to the fighting class, and occasionally eat fish or chicken, but never beef. I have no difficulty in finding food in the Madison restaurants."

Mr. Patel is on his first visit to America and is attending the University of Wisconsin which he believes to have the best Agriculture and Agricultural Economics in the world. He says that the department of Agriculture in India is rather an examining body than a teaching body as is the University here, and is much smaller. Farming in India is under government supervision, each of the ten provinces being superintended by government officials. Mr. Patel is one of these officials, with jurisdiction over ten districts within the province around Bombay.

**U. S. GOLD PRODUCTION SHOWS FALLING OFF**  
WASHINGTON, D. C.—Gold production in the United States during the calendar year 1924 fell off by \$8,146,500 as compared with 1919 according to final statistics made public by the Federal Reserve Bank. During 1920 the country produced 2,476,100 ounces of gold valued at \$31,186,900 and 55,341,373 ounces of silver valued at \$60,801,955.

**Interpreted**  
"What's Mr. Swift mean when he says his stock drop below margin?" George Washington Jones inquired of his more sophisticated friend, Thomas Jefferson Brown.

# PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets  
A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

# WISCONSIN AT WASHINGTON

By Betty Pruett Farrington

WASHINGTON, D. C.—Under the terms of the treaties of peace with Germany, Austria and Hungary, ratified by the senate, the United States assumes none of the obligations of the treaty of Versailles, according to Senator Leonard of Wisconsin. While he voted with the majority of 66, Senator La Follette stood with the irremovable group which contended the German treaty proposed a sort of "back-door" entrance into the league of nations and other ramifications of the rejected pact.

"We have the option of going to the reparations committee for the treaty or we have the option of dealing directly with Germany," Senator Leonard said, "with reference to every dollar of compensation claimed by us upon our own behalf or upon behalf of our nationals. There is but a line in the treaty which commits us to the reparations commission or any other tribunal created by the treaty of Versailles."

All that this treaty does is to give us certain rights, and the only obligations that are imposed anywhere in the treaty are that in the enforcement of those rights we shall enforce them only in such a way as is consistent with the rights of Germany under the treaty.

"There are those who tried to argue to the senate that if we entered the treaty we assumed all the obligations of the treaty. If there were any general assumption of obligation, which there is not, it would not be an obligation to our assemblies in the war to enforce the treaty, because they are not parties to it, and we are not parties to the treaty of Versailles."

With the German treaty out of the way, the senate has proceeded more rapidly with consideration of the revenue revision bill with both Senators taking an active part in the debate in the senate. Senator La Follette re-
